Contract register and performance evaluations

In terms of the section 116(2) (b) of the MFMA, the accounting officer of a municipality or municipal entity must-

- (a) take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality or municipal entity is properly enforced;
- (b) monitor on a monthly basis the performance of the contractor under the contract or agreement;
- (c) establish capacity in the administration of the municipality or municipal entity—
 - (i) to assist the accounting officer in carrying out the duties set out in paragraphs (a) and (b); and
 - (ii) to oversee the day-to-day management of the contract or agreement; and
- (d) regularly report to the council of the municipality or the board of directors of the entity, as may be appropriate, on the management of the contract or agreement and the performance of the contractor.

Contract register for 2024/2025 financial year are attached as **Annexure D** for perusal.

Challenge

Supply Chain Management Unit send contract register on a monthly basis to all contract managers with a performance evaluation forms for each contract manager to complete and send back to SCM. SCM struggle with certain contract managers with the reporting on contract management as stipulated by legislation. There is a huge lack of communication regarding the performance and payments of contracts.

Recommendation

In order to report on the total contract management and ensure compliance we have to implement module on financial system as currently SCM are not communicated regarding the performance, spending, variations, deviations, expansions or extensions of contracts. The envisaged date to implement contract management system is 30 June 2025 but need the support and co-operation of all contract managers to successfully implement and administer contract management.

6. IRREGULAR EXPENDITURE

“Irregular expenditure”, in relation to a municipality or municipal entity, means—

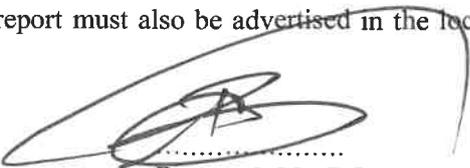

- (a) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of this Act, and which has not been condoned in terms of section 170;
- (b) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of the Municipal Systems Act, and which has not been condoned in terms of that Act;
- (c) expenditure incurred by a municipality in contravention of, or that is not in accordance with, a requirement of the Public Office-Bearers Act, 1998 (Act No. 20 of 1998); or
- (d) expenditure incurred by a municipality in contravention of, or that is not in accordance with, a requirement of the Public Office-Bearers Act, 1998 (Act No. 20 of 1998); or

The cable is approximately 400 meters in length to the fist isolation point. One week later the same cable went faulty again and we had to get the same contractor in again just to find out that the cable went faulty 3 meters from the original fault. the cable is approximately 50 years old and their was a section that was dried out with no insulation oil present, so they had to cut out a larger section and replaced the faulty section.
