RE: CONFIRMATION OF MUNICIPAL POSITION ON REGISTRATION OF SERVITUDES

To Whom It May Concern,

This letter serves to confirm that, in terms of Section 24(1)(f)(i) of the current By-law on Municipal Land Use Planning, 2019 (Notice 21/2019) applicable within the jurisdiction area of the Beaufort West Municipality, the registration of servitudes for electricity transmission lines are exempted and does not require formal land use approval from the Municipality, provided that such servitudes do not infringe upon any municipal rights or infrastructure.

Furthermore, the Municipality hereby confirms that it will consider and, where appropriate, stamp and authorize servitude diagrams intended for submission to the Office of the Surveyor General, subject to the servitude not affecting any municipal services, the servitudes being aligned with the final approved Site Development Plan and the servitudes are considered exempted in terms of Section 24 of the above-mentioned by-law.

Should you require any further information or clarification, please do not hesitate to contact this office.

Yours faithfully

C.B. Wright
Authorized Officials
