Dear Ms Gaarekwe and Acting, Municipal Manager

MFMA CIRCULAR NO. 124 - PROVINCIAL TREASURY CERTIFICATION OF MUNICIPAL COMPLIANCE OF WC053 BEAUFORT WEST MUNICIPALITY DURING JULY 2025

The National Treasury approved the debt relief application of Beaufort West Municipality with effect 1 July 2023. July 2025 constitutes the 1st month of the Municipality's third 12-month debt relief compliance cycle. The Western Cape Provincial Treasury monitored and assessed the Municipality's compliance with all the debt relief conditions during July 2025. This letter provides an overview of the Provincial Treasury's assessment of the Municipality's compliance with the programme's conditions.

1. Condition 6.1 - Municipality non-compliance

In terms of the National Treasury (NT) approval, the Municipality must comply with conditions 6.1 - 6.14 of MFMA Circular No. 124 read together with the additional conditions specific to the Municipality set-out in its National Treasury debt relief approval letter. From the Provincial Treasury's assessment, the Municipality achieved 100 per cent average compliance with the MFMA Circular No. 124 conditions during July 2025.

Refer to the performance sheet in the table below that shows the Municipality's overall relief compliance performance across the debt relief cycle. Considering the Municipality's consistent and timely payment of Eskom accounts as well as the overall debt relief performance since 1 July 2023, the Provincial Treasury is of the view that the Municipality qualifies for the second tranche of debt relief. However, conditions 3 and 7 still need to be met.

WC053 Beaufort West Municipality overall relief performance from July 2024 up to and including July 2025:

As we review the first month of the third cycle of the Municipal Debt Relief programme, it is crucial for Beaufort West Municipality to build on the progress made during the previous two 12-months period. The National Treasury has emphasized that Eskom will only consider writing off arrear debt if the Municipality demonstrates consistent compliance with all conditions for a consecutive 12-month period. Therefore, the Municipality is encouraged to maintain and improve its compliance across all performance areas to ensure continued eligibility for debt relief.

2. Condition 6.2 - Application-based supported by Council's resolution

The Municipality's application was endorsed by the Council and approved by the National Treasury, subject to addressing specified gaps. All of these have subsequently been addressed.

3. Condition 6.3 - Maintaining the Eskom bulk current account.

The Municipality has made all bulk account payments timeously; and payments made reconcile to data strings for both water and electricity. The Provincial Treasury has been closely engaging and monitoring the Municipality in this regard to facilitate full compliance.

4. Condition 6.4 - A funded MTREF

The Provincial Treasury assessed the compliance of the Municipality's adopted 2025/26 MTREF to be **unfunded**. The Municipality has a Financial Recovery Plan in place and therefore does not need to adopt a separate Budget Funding Plan.

5. Condition 6.5 - Cost reflective tariffs

The Municipality submitted its completed NT Tariff Tool for 2025/26 MTREF.

6. Condition 6.6 - Electricity and water as collection tools

The Municipality met the requirements for this condition using the funding assistance received from Provincial Treasury and provided proof of the smart meters that were installed to restrict and or interrupt water supply to defaulting consumers or property owner. PT will continue to monitor them to ensure that they align to the requirements of MFMA Circular No. 124. The Municipality received an invitation to apply for the Smart Meter Grant from National Treasury.

7. Conditions 6.7 - Maintain a minimum average quarterly collection of property rates and services charges

The Municipality has achieved a collection rate of 84 per cent at end of quarter, which is slightly below the average collection rate of 85 per cent as per debt relief conditions. The Provincial Treasury has constantly engaged the Municipality on the need to improve collections.

8. Condition 6.8 - Completeness of the Revenue Base

The Municipality submitted the property rates reconciliation tool.

9. Condition 6.9 - Monitor and Report on compliance

The Western Cape Provincial Treasury's assessment included confirming that the MFMA S71 narrative statement and mSCOA data strings for July 2025 was uploaded to the GoMuni portal and that the Statement fully aligns to the MFMA S71 Statement published on the Municipality's website. The MFMA S71 Statement was also assessed against the Municipal Budget-and Reporting Regulations, 2009 (MBRR) and the National Treasury MFMA S71 reporting guidance issued to debt relief municipalities on 10 May 2024 read in conjunction with paragraphs 9(i) to 9(ix) of the NT debt relief approval letter.

The assessment confirmed that the MFMA S71 narrative statement included the following information:

	MFMA S71 Statement component	Compliance (Yes/No)
1.	<i>The Budget Performance Overview (paragraph 4) of the MFMA S71 statement</i> explicitly advised on the Municipality's progress in implementing the Municipality's budget and (where relevant also the budget funding plan) – where implementation is slow, the statement advised explicitly on progress, challenges and corrective actions. The Municipality has integrated its monthly debt compliance reporting into its MFMA S71 narratives as required and demonstrated its commitment to continuous improvement and adherence to the set of conditions. The Municipality's MFMA Circular No. 124 self-assessment indicated several non-compliance issues. The remedial actions undertaken to achieve compliance, and the timeframes thereof outlined in the MFMA S71 report are noted and monitored by the Provincial Treasury.

10. Condition 6.10 - Provincial Treasury certification of municipal compliance

The Provincial Treasury closely monitors compliance with the conditions of the Municipal Debt Relief Programme, and this letter is submitted in fulfillment of the PT's role in certifying compliance of the Municipality.

11. Condition 6.11 - Limitation on Municipal borrowing powers

The limitation on Municipality borrowing powers and the prohibition of borrowing during debt relief periods form a dual regulatory framework aimed at ensuring fiscal responsibility. Compliance necessitates

meticulous scrutiny of borrowing activities to ascertain adherence to authorized limits and program guidelines. These measures, while promoting sustainable debt management, also stabilize the Municipality's financial standing, prevent over-leveraging, and mitigate immediate financial strain. Adhering to these regulations is paramount for maintaining creditworthiness, mitigating financial risks, and safeguarding the Municipality's long-term financial health. Thus, robust oversight and adherence to regulatory frameworks are imperative for prudent financial governance and sustained fiscal resilience. The Municipality has complied with this condition since its debt relief effective date of 1 July 2023, to date.

12. Condition 6.12 - Proper management of resources

It is noted that during February 2024, the National Treasury: Office of the Accountant General (OAG) issued the Supplementary Guide to MFMA Circular No. 124 on 21 February 2024. In terms of the guidance, the Municipality no longer has to maintain a separate bank account for debt relief purposes as envisaged in MFMA Circular No. 124 (Condition 6.12), however, irrespective of whether a Municipality decides to discontinue a separate bank account, ring-fencing for debt relief purposes must be enabled and demonstrated through the Municipality's monthly mSCOA data string submissions.

13. Condition 6.13 - Accounting Treatment

NT provided an outcome letter dated 6 December 2024 instructing Eskom to write off one third (1/3) of the municipal debt of Beaufort West to the value of R25 587 223.02. The debt write-off is to be effected in Eskom's financial system within 30 days of this letter. Eskom is to align its accounting records and the municipality's Eskom statement(s)/invoice(s) to reflect the debt write-off within two (2) calendar months from the date of this letter.

14. Condition 6.14 - NERSA License

By having applied for Municipal Debt Relief, the council of a Municipality that during the duration of the Municipal Debt Relief programme fails to comply with any condition of the Relief, agreed to make an application to NERSA to voluntarily revoke the Municipality's license in terms of section 17 of the Electricity Regulation Act, 2006 (Act No. 4 of 2006). It is noted that this condition will only come into effect if the Municipality's participation in the debt relief programme is terminated.

15. Provincial Treasury Compliance Certification

The Provincial Treasury certifies that it monitored and assessed WC053 Beaufort West Municipality's compliance against the MFMA Circular No. 124 conditions and NT debt relief approval letter as set-out below in the PT's compliance certificate for the Municipality in relation to the period 1 – 31 July 2025:

The Western Cape Provincial Treasury's assessment and compliance certificate confirms that Beaufort West Municipality during July 2025 did not fully comply with all the MFMA Circular No. 124 conditions as elaborated on above. The Municipality must still address these non-compliance matters even though the overall compliance average amounts to **100 per cent**. The Municipality is urged to strengthen its implementation of the relief conditions to fully benefit from the relief.

The Provincial Treasury is also of the view that the Municipality has complied sufficiently to qualify for the second one third (1/3) debt write-off at the end of its second debt relief compliance cycle on 30 June 2025. Continued implementation of the debt relief conditions is essential for maintaining and improving compliance in the next cycle.

The Provincial Treasury continues to appreciate the opportunity that the Municipal Debt Relief Programme provided to municipalities and is committed to supporting our municipalities to ensure that they comply with the conditions of the programme in order to derive the full benefit.

Yours sincerely

12.7. The remedial actions necessary and / or undertaken to improve the municipality's monthly compliance in terms of the Debt relief Conditions.

No	Condition	Remedial actions / Comments
C 6.4	A funded MTREF	The final outcome of the 2025/26 budget assessment from Provincial Treasury indicated that the municipality has an unfunded budget. The municipality will be working with Provincial Treasury to table an unfunded budget in February 2026.
C 6.6	Electricity and water as collection tools	The Municipality met the requirements for this condition, except for the restriction or interruption of water supply to defaulting consumers or property owners. Although Provincial Treasury funded meters, it must be noted that only 20% of water meters are prepaid, while the remainder are conventional credit meters or outdated token meters. The Municipality lacks the capacity to restrict water supply fairly and equitably, particularly as 4,200 households are still charged a flat rate with no meters installed. Additional risks include political instability and the likelihood of increased water losses through illegal tampering. The only sustainable solution is the implementation of Smart Pre-Paid Water Meters. The Municipality was allocated R46 million in the Division of Revenue Act (DoRA), B15 of 2025, through the Smart Meters Grant. However, this allocation will only be realised in the 2026/27 government financial year. In the interim, R5.5 million (approximately 400 meters) is expected to be funded from the MSIG grant. Given these prevailing circumstances, it is not possible for the Municipality to restrict water supply at present.
C 6.8	Completeness of the Revenue Base	The Beaufort West Municipality implemented a new valuation roll on the 1st of July 2024. Category discrepancies were reduced significantly and are being addressed. The municipality over-bill by R33,896.40 (immaterial). It was caused by category differences and an error in updating EMS to the latest SV.
