#### **“28. Municipal Adjustments Budgets**

- (1) A municipality may revise an approved annual budget through an adjustments budget.
- (2) An adjustments budget-
  - (a) Must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;
  - (b) May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
  - (c) May, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality;
  - (d) May authorise the utilisation of projected savings in one vote towards spending under another vote;
  - (e) May authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council;
  - (f) May correct any errors in the annual budget; and
  - (g) May provide for any other expenditure within a prescribed framework.
- (3) An adjustments budget must be in a prescribed form.
- (4) Only the mayor may table an adjustments budget in the municipal council, but an adjustments budget in terms of subsection (2)(b) to (g) may only be tabled within prescribed limitations as to timing and frequency.
- (5) When an adjustments budget is tabled, it must be accompanied by-
  - (a) An explanation how the adjustments budget affects the annual budget;
  - (b) A motivation of any material changes to the annual budget;
  - (c) An explanation of the impact of any increased spending on the annual budget and the annual budgets for the next two financial years; and
  - (d) Any supporting documentation that may be prescribed.
- (6) Municipal tax and tariffs may not be increased during a financial year except when required in terms of a financial recovery plan.”

The Municipal Budget and Reporting Regulations {Regulation 23} states the following:

**"23. Timeframes for tabling of adjustments budgets**

- (1) An adjustments budget referred to in section 28(2)(b), (d) and (f) of the Act may be tabled in the municipal council at any time after the mid-year budget and performance assessment has been tabled in the council, but not later than 28 February of the current year.
- (2) Only one adjustments budget referred to in subregulation (1) may be tabled in the municipal council during a financial year, except when the additional revenues contemplated in section 28(2)(b) of the Act are allocations to a municipality in a national or provincial adjustments budget, in which case subregulation (3) applies.
- (3) \* If a national or provincial adjustments budget allocations or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues."
